Hosting organization: The "Kita am Haydnplatz" is a bilingual (german/french) day care centre situated in the western part of the city centre of Karlsruhe. The centre offers a full-day childcare from 07.00 to 17.30 hours for 61 children. One group offers 10 vacancies for children who are younger than 3 years, two more groups offer vacancies

for children from the age 2 to 6 and one group with children from the age of 1 to 6.

The children have a daily breakfast and lunch. A various program is offered: beside the classical games for children they have the possibility to deal with different topics. They can experience themselves by playing and working with art and colors, train their bodies in sports, be curious in experiments and natural sciences, enjoy a community in role playing and make steps in building and construction.

Each topic is situated in a special room with the suitable materials.

The main focus of the day care centre is the bilingual concept as well as the health concept of Sebastian Kneipp. The educators try to introduce the children to a healthy attitude of life

by offering playful methods. The children should learn what makes me healthy, how does my body feel like, how can I keep my well-being?

The children are accompanied by the educators. The main goal is that the interest of the children is seen by the educators and that the children get supported. Additional excursions and cooperations with other institution take place.

The day care centre "Kita am Haydnplatz" offers vacancies for all children, no matter what nationality or social background they have. Also children with disabilities are received. It's only important to have a mix of age and gender of the children in the group.

The Kita holidays are 27.12.2017 - 05.01.2018 and 3 weeks in summer. The volunteer is advised to arrange his/her holidays with these dates.
